

CONTENT SOURCE: FAMILIARIZATION & INDUCTION RECRUITMENT EVENT & FORUMS

1. Industry Review
 - a. Policy & Market
 - b. Economy & Technology
 - c. Skills & Knowhow
 - d. Demand & Financing
2. CisoNet Opportunity Overview
 - a. Familiarization (Website Development (Site Map, Navigation & Performance Collaboration))
 - b. Onboarding (Learn As You Earn) : Menu Page Content Creation)
 - c. Affiliate (Solution Development & Service Provider)
 - i. Content Creation
 - ii. Application Development
 - iii. Funding Mobilization
 - iv. Operation Project Support
 - d. Operation (Client Customer Service)
 - i. Health & Agriculture
 - ii. Housing & Infrastructure
 - iii. Learning & Education
 - iv. Trading & Governance
3. Skills & Experience Requirement
 - a. Applications Development Frameworks
 - b. Utilization of Productivity Packages (Information processing & Enterprise management)
 - c. Utilization of Site Builder & Analytics Platform (Drata Driven Solutions)
 - d. Content Generation Models (AI & Digital Twin)
 - e. Systems Supply & Provision (EdgeNode, Nethubs, NetNode & Datacenter)
4. Role & Readily Available Assignment
 - a. Training & Capacity Building
 - b. Applications Development
 - c. Solution Provision
 - d. Content Generation
5. Sources of Earning
 - a. Training (Management, Solution Modelling Tools, Content Generation Models, Systems Technology)
 - b. Product Sales & Marketing
 - c. Solution Project Service Provider
 - d. Operation & Performance Support Service
6. Client Support Services
 - a. Need Assessment
 - b. Solution Design & Specification
 - c. Systems Supply & Installation
 - d. Backup Operations

The Community Information Service Operator Network

Background & Mission Overview

Creating Employment Opportunities

Through

The Mission of Linking Industry To Education

And The Concept of

Learning For Purpose : Learning By Doing : Learning From Example and Learning As You Earn

The Art & Science of

Data Collection : Information Processing : Intelligence Analysis & Report Generation

For Data Driven Decision In

Solution Modelling & System Building

Addressing Industry Needs In

Health & Agriculture : Housing & Infrastructure : Learning & Education : Trading & Governance

All Rights Reserved

ONBOARDING & LEARNING MANAGEMENT AND THE INFORMATION TECHNOLOGY SYSTEM

FEEDBACK

COMMUNICATION

EFFECT

DECISION

TRIGGER

FEEDBACK : Vision : Mission : Values : Purpose

COMMUNICATION : Expression : Sound : Illustration : Language

EFFECT : Exploitation : Conervation : Productivity : Freedom

DECISION : Intelligent : Smart : Understanding : Wise

TRIGGER : Need : Culture : Environment : Genetic

Thought : Imaginative : Creative : Critical : Innovative

Transaction Contracting (**Administrative : Technical : Financial : Legal Requirement**)

Memorandum of Understanding : Service Level Sgreement : Service Provider Contract : Solution Operation Warranty

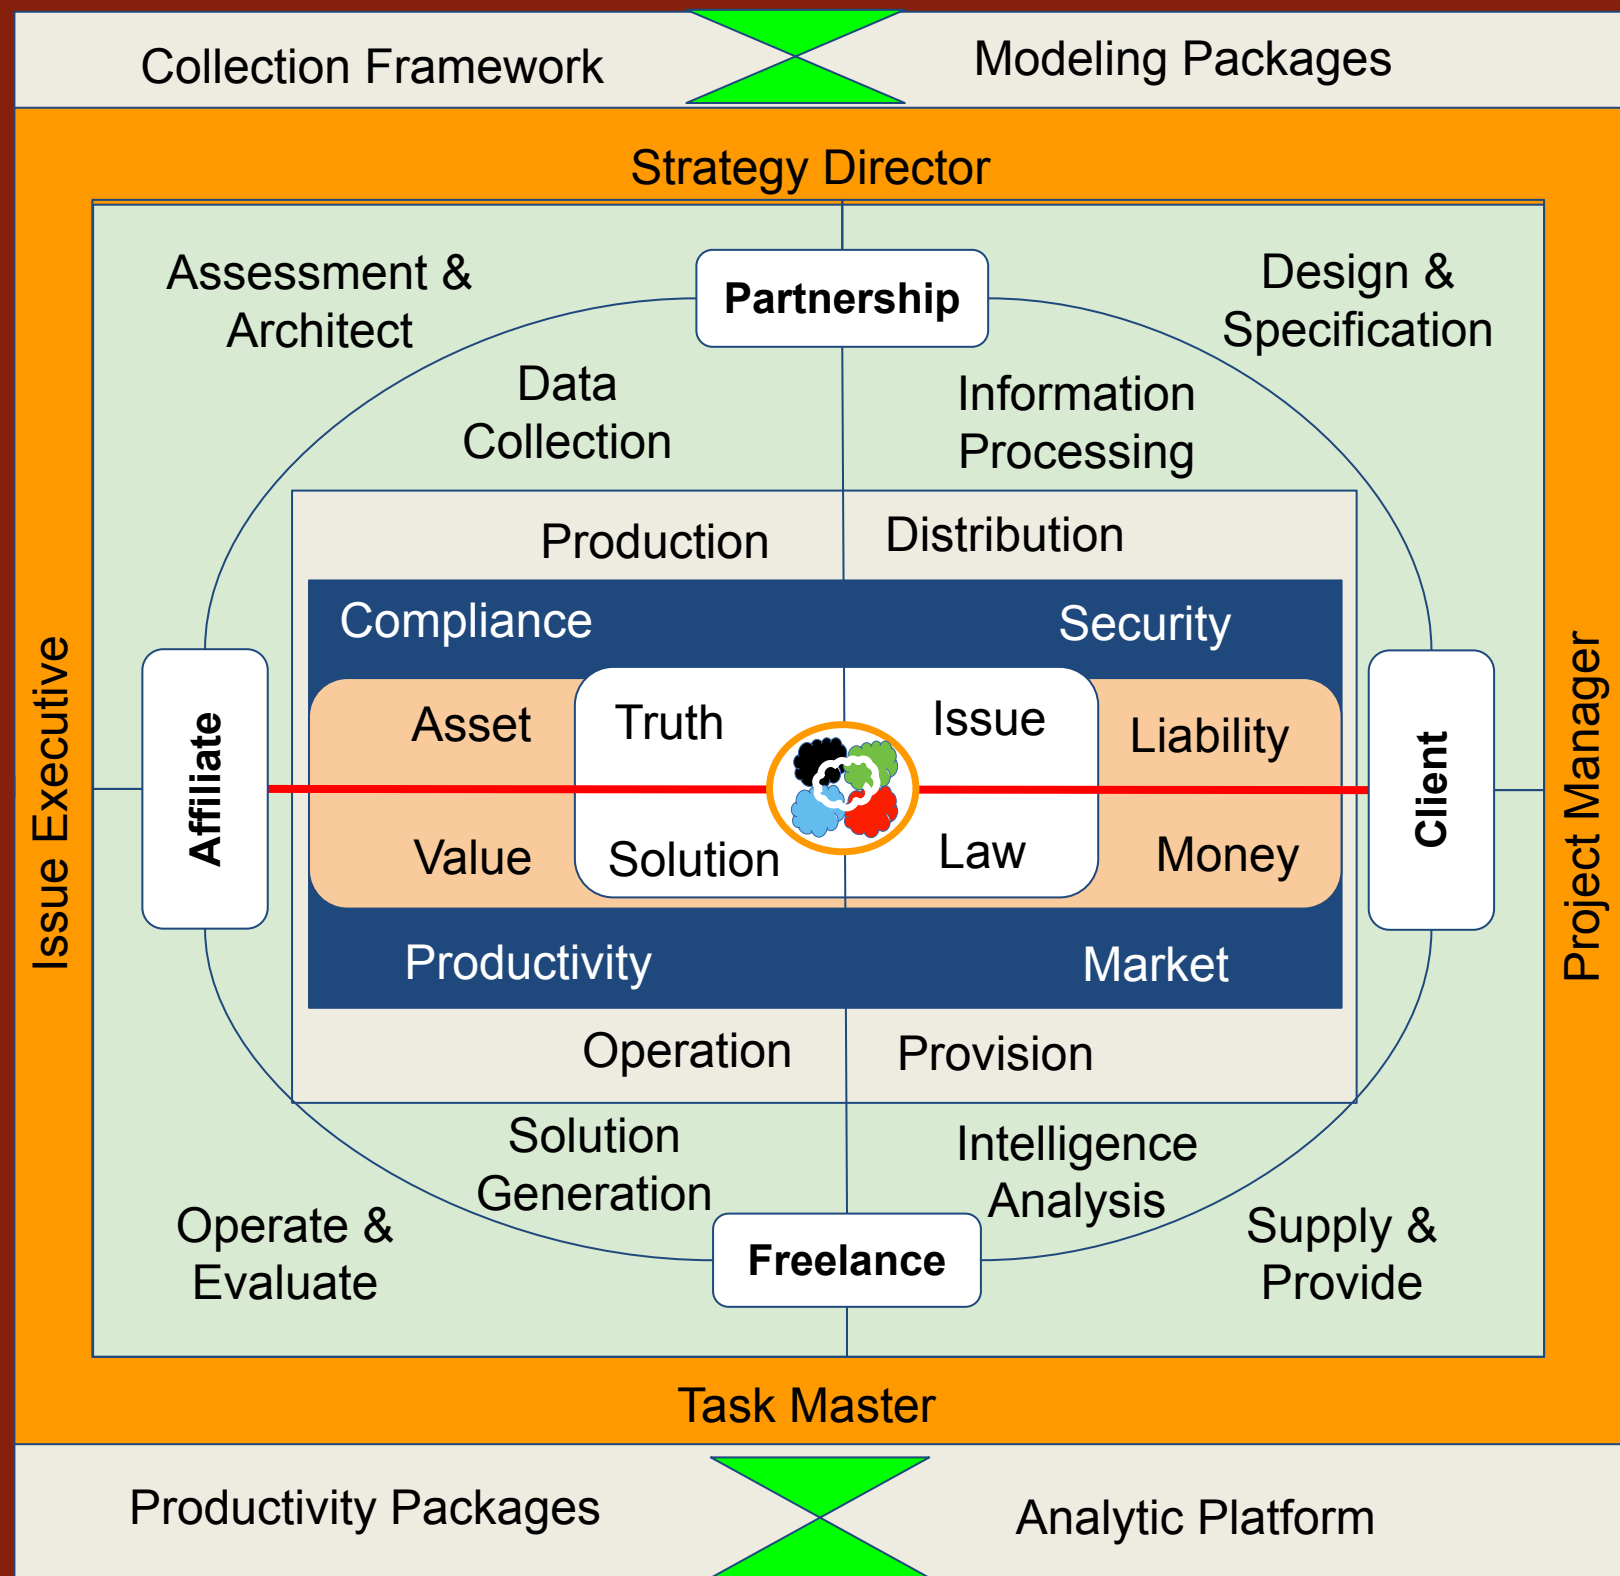

Information Technology System

NetNodes

- IOT
- Edgehub
- Networking
- Computing

Service Operators

- Client Node Operation
- Internet Nodee Provider
- Data Center Cloud
- Solution Service Provider

Financial Mobilization Strategy

Enablement

- Rights Negotiation
- Capital Mobilization
- Revenue Earning
- Consumer Obligation

Ownership

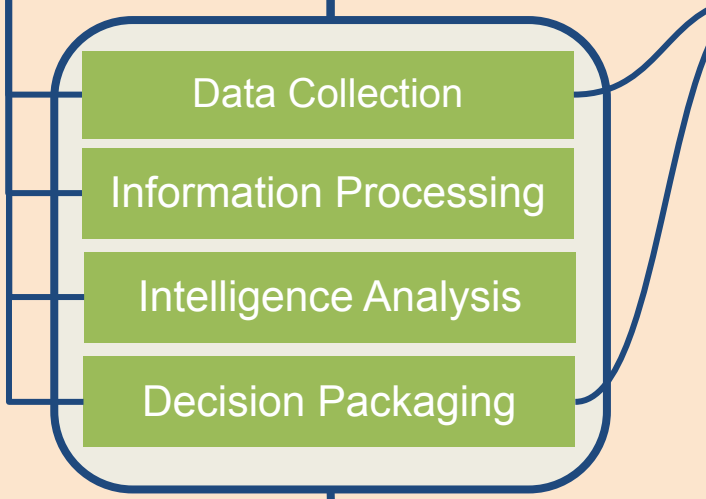

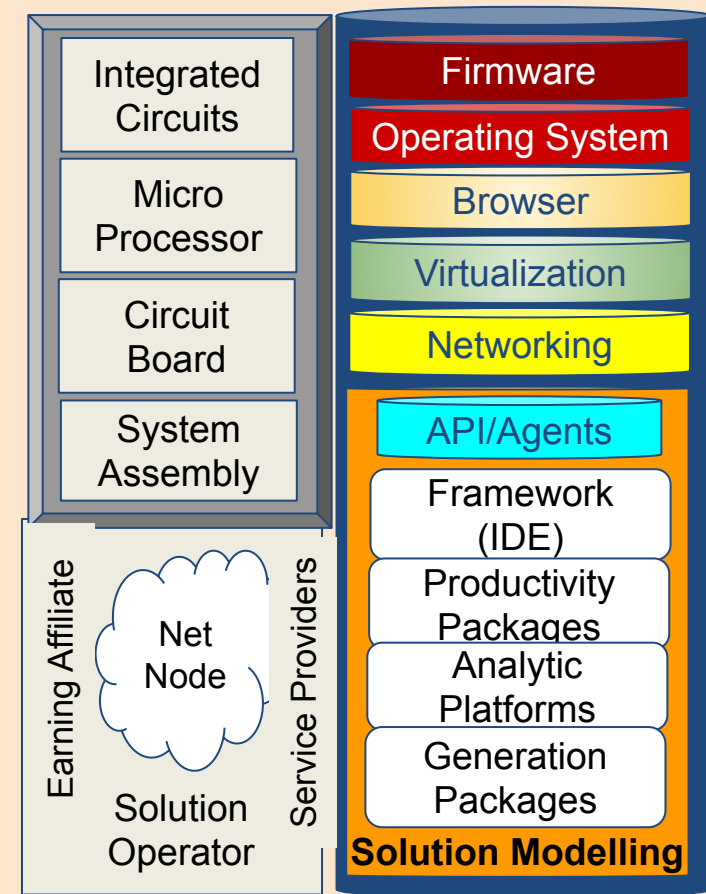

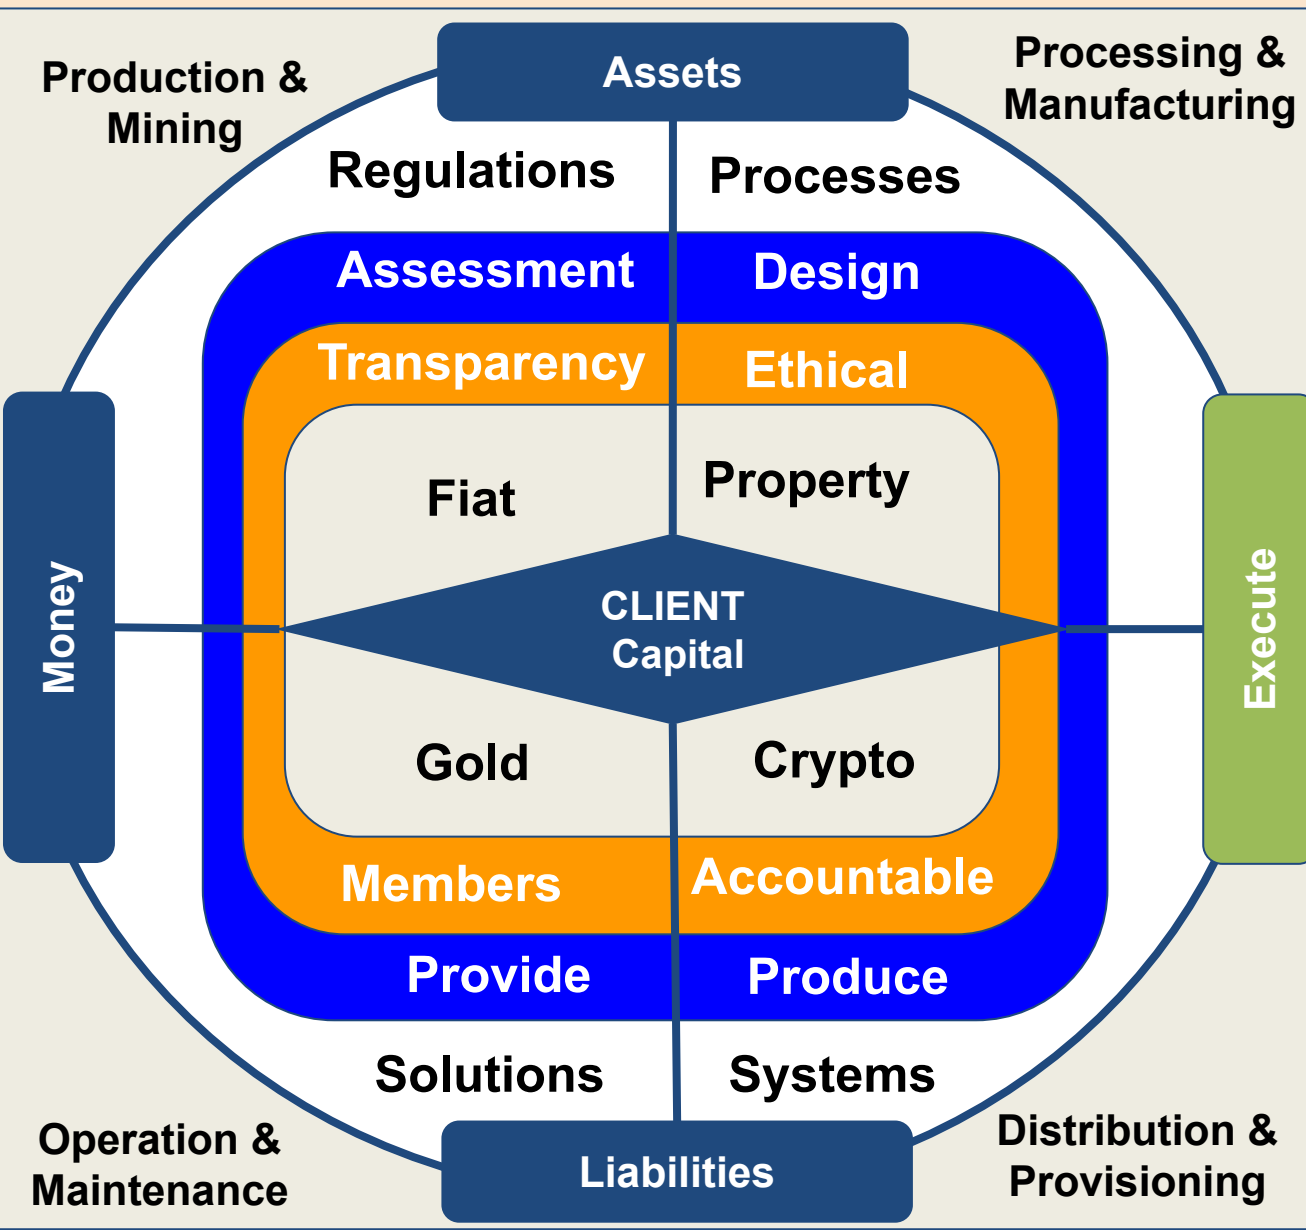

- Property
- Gold
- Fiat
- Crypto

Addressing Humanity Needs

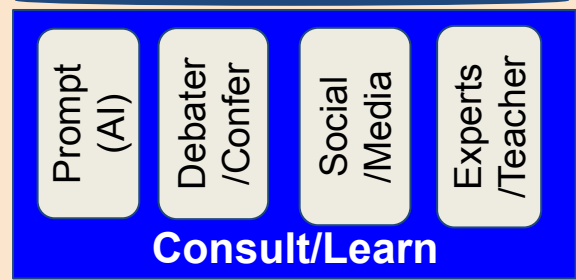

Health & Agriculture : Housing & Infrastructure : Learning & Education : Governance & Trading

CLIENT BUSINESS & SERVICE OPERATIONS

Mission of Linking Industry To Education (LiteMission) & Earning As You Learn For Purpose

Decision Support Solution (DESS)

Exploiting Nature To Meet Humanity Needs While Conserving The Environment

Health & Agriculture

Housing & Infrastructure

Learning & Education

Governance & Trading

- Performance**
- Productivity
 - Efficiency
